SIMPLE PAYMENT PLANS

Make up to 12 monthly, low-interest payments, with approved credit.

DEFERRED PAYMENTS (BRIDGE-TO-BUDGET)

Order your new equipment now and begin using it for procedures, then pay when the budget becomes available. Interest will accrue at low rates, with approved credit.

CAPITAL LEASE PROGRAMS

With fixed monthly payments over the term of the lease, this option preserves your working capital, matches expenses to cash flow, and requires no down payment or other compensating balances demanded by banks. Service may be bundled, with lease terms from 2–5 years. Ideal for those with a strong ownership mentality, the equipment may be purchased at the end of the lease term for \$1.00.

FAIR MARKET VALUE/OPERATING LEASE AGREEMENTS

This “off-the-balance-sheet” option eliminates the risk of technological obsolescence, improves your financial ratios, and allows service to be bundled. It has the lowest monthly payments and complete flexibility at the end of the lease term:

- Purchase for Fair Market Value.
- Return with no further obligation.
- Renew/upgrade for discounted 12–24-month terms.

SHORT-TERM RENTALS

The maximum rental term is 12 months.

LONG-TERM RENTALS

The maximum rental term is 36 months and features a product and service program covering all repairs—providing total peace-of-mind.
