<b>Break Even Point (in weeks)</b>	

The data contained in this document is provided for informational purposes only and represents no statement, promise or guarantee by Richard Wolf Medical Instruments Corporation as to its completeness or accuracy, or levels of reimbursement, payment or charge, or even that reimbursement will be made. This information is not intended to maximize or increase reimbursement by any payer. It is the provider's responsibility to determine coverage and medical necessity, and to report the codes that accurately describe the products and services provided to patients. Therefore, providers are advised to contact Medicare or other payer for any questions regarding billing, coverage and reimbursement.
