DJOS – Duodeno-Jejuno Omega Switch
SASI – Single Anastomosis Sleeve Ileal (SASI) Bypass

FEBRUARY 28 – MARCH 1, 2019
UNIVERSITY HOSPITAL MUNICH

OUR MISSION

'The Pioneer's Expertise to Make You Successful'

To provide high quality elite surgical training by the world-class experts from the leading countries. To facilitate the transition of the surgical specialists to the next level of their development.

Dear Colleague,

Morbid obesity is associated with the major components of the metabolic syndrome, such as dyslipidemia, hypertension, Type 2 diabetes mellitus with insulin resistance. The above mentioned pathologies are also considered to be cardiovascular risk factors that appear to directly promote the development of atherosclerotic cardiovascular disease. The myocardial and cerebral infarction are the unhappy endpoints of it.

Metabolic surgery provides great opportunities for this group of patients, with option of reaching full remissions of Type 2 diabetes mellitus, dyslipidemia and insulin resistance. Also, steatohepatitis will be ameliorated and cirrhosis could be prevented. Concerning the type of procedures, during the Master-class Course we would like to concentrate ourselves on the several one anastomosis metabolic operations like SADIS, DJOS and new SASI operation. The invited tutors are well known pioneers of metabolic surgery, ready to share their experience.

We are looking forward to meeting you at our Master-class Course Metabolic Surgery 2019 at our University.

Yours

Prof. Dr. med. Jens Werner

Prof. Dr. med. Konrad Karcz

IZB - (Live Streaming) THURSDAY, FEBRUARY 28TH, 2019

08:45	Welcome <i>Prof. Dr. Jens Werner, Director of the Clinic Volker Maute, Vice President of Sales, Service & Marketing, Richard Wolf GmbH</i> <i>Prof. Dr. Konrad Karcz, Head of MIS</i>
	Lectures:
09:00	When and which bariatric procedure - Place of single anastomosis techniques <i>Prof. Dr. Khaled Gawdat</i>
09:40	Revisionary surgery after single anastomosis metabolic procedures with pyloric preservation <i>Prof. Dr. Konrad Karcz</i>
10:20	SADIS – Indications, Technique and Outcomes <i>Prof. Dr. Antonio Torres / Dr. Rui Ribeiro MD</i>
11:00	Coffeebreak
11:20	SASI or transit bipartition – Indications, Technique and Outcomes <i>Prof. Dr. Alper Çelik</i>
12:00	DJOS – Indications, Technique and Outcomes <i>Prof. Dr. Konrad Karcz</i>
12:40	Operation ergonomics in bariatric surgery <i>Prof. Dr. K. Gawdat</i>
13:20	Update metabolic surgery – What's new in the last year? <i>Dr. Rui Ribeiro MD / Prof. Dr. Antonio Torres</i>
14:00	Lunch
14:30 - 17:30	Hands-on Training (Virtual-Lab, Wet-Lab):
14:30 - 16:30	Duodeno-Ileo Anastomosis Suturing: V-loc, Vicryl, PDS 15:00-15:15: Video Case – K. Gawdat (Webinar) 16:00-16:15: Video Case – A. Çelik (Webinar)
16:30 - 17:30	Anastomosis Stapling: Signia/ V-loc/ Tachosil 16:40-16:55: Video Case – K. Karcz 17:00-17:15: Video Case – R. Ribeiro, A. Torres
19:00	Traditional Munich Evening

As part of the course, you will be provided with a login to the Prima Vista Academy's web site for the year of participation. You will thereby have an unlimited access to the academy's video and theoretical resources to further assist you in your preparation to the workshops and continue your learning following its completion.

CAMPUS INNENSTADT - (Live Streaming) FRIDAY, MARCH 1ST, 2019

07:45	Welcome <i>Prof. Dr. Konrad Karcz; Head of Minimally Invasive Surgery</i>
08:00 - 16:00	OR-Workshops: DJOS, SADI, SASI
08:00	Case presentation
08:30	OR-Operation Tutorial: SADIS/DJOS
11:30	Lunch
12:00	OR-Operation Tutorial: RYGB into the SADIS
15:30	Panel discussion (Library)
16:15	Digital evaluation
16:30	Closing the course and handing the certification

FACULTY

Prof. Dr. Alper Çelik

Director of Clinic for General and Metabolic Surgery in MS Hospital, Istanbul, Turkey
CEO of Metabolic Surgery Hospital, Istanbul, Turkey

Prof. Dr. Khaled Gawdat

Director of Clinic for General and Metabolic Surgery, Ain-Shams School of Medicine, Cairo, Egypt
Honorary President of the Egyptian Society for Bariatric Surgery (ESBS), Executive Board

Prof. Dr. Konrad Karcz

Head of Minimally Invasive Surgery, Clinic for General-, Abdominal- and Transplantation Surgery, LMU, Munich, Germany

Dr. Rui Ribeiro, MD

Director of "Centro Multidisciplinar da Doença Metabólica" (CMDM) at the Clínica de Santo António, Lisboa, Portugal
President of General Assembly of the Portuguese Society of Bariatric and Metabolic Surgery

Prof. Dr. Antonio Torres

Director of Servicio de Cirugía General y Digestiva Hospital Clínico San Carlos, Universidad Complutense de Madrid,
Congress President 2019 of the International Federation for the Surgery of Obesity (and Metabolic Disorders)

Prof. Dr. Jens Werner

Director of Clinic for General-, Abdominal- and Transplantation Surgery, LMU, Munich Germany
